## Better than the movies.

★★★★★ by Greg Stout on 2013-09-10

You will not be disappointed! Dr. Armento is the man, and his staff is excellent. So far I've had two cleanings at the practice and Dr. Armento has done three fillings for me. Every time has been completely painless and I can't even tell I have fillings in my mouth. You'll be entertained by Dr. Armento's great sense of humor, as well as the music by request and the massage chair. If you're lucky, you might even get to enjoy a funny youtube video...straight from the chair. When's the last time that happened at your dentist? Kelly, the office manager, is one of the most pleasant people I've ever met, for real. And Anita, the dental assistant, will turn your frown upside down. Basically, you should go here even if you don't need to see a dentist. I might even load up on the sweets just so I can go more often. Professional, inviting, excellent care. Go here!

I have had many appointments with Dr. Armento over the past year. The Doctor is very aware of my special health related issues & he goes out of his way to accommodate me. The office staff is always professional, both in

person & over the phone. All of the equipment is state of the art, including how they confirm appointments. I have been in many of their different exam rooms, which have all been immaculate. I would highly recommend Dr. Armento for all of your dental needs.

I am usually very anxious when going to the dentist. This was diff. the enviornment was very calming, and quiet. The dental hygenist was very kind and patient. I had a great cleaning. I was advised that I should have 2-3 cleanings a year, get a electric toothbrush, and continue using products for dry mouth. Dr. Armento was very good as he went over my treatment plan. There were some surprises, but he showed me a fracture in 1 of my teeth that could potentialy break off at any time, I was impressed with the intra oral camera device, that I could see on the tv screen exactly what he was talking about. ★☆☆☆☆ by Anon on 2012-04-10

your change will fall out of your pockets in the new chairs - how could they have done that. Have they even sat in those chairs themselves. Being upside down with your blood rushing to your head is NOT good dental practice. Now you will be charged additionally for everything they do - insurance doesn't count. And the patient doesn't get anything additional for the additional charge. Bad practice building technique. The TVs are stupid - can't see them upside down in a chair. And also practice building in your mouth. A small concern will become a root canal. Give us back our old dentist.

★★★★★ by Lauren Floyd on 2012-03-06

Dr. Armento and his entire staff are fantastic! They are very friendly and thorough. All of them are excellent at what they do. Many of the staff stayed on with Dr. Armento after he took over the practice when Dr. Kirk retired. I'm so happy I continued going after she left the practice! Wish I could give them 10 stars!

## **Caring, Compassionate and Still a Perfectionist**

★★★★★ by Laur J on 2012-02-02

My family has been seeing Dr. Armento for over 4 years now. We wouldn't dream of seeing anyone else. He's a perfectionist and always there when you have a problem. His staff is great too. I came to him after another dentist destroyed my mouth. Looking at me today, you would never know. I had multiple medical problems and he worked around them. It's not often you find a doctor that puts a patient's comfort ahead of all else and still achieves optimal results. We highly recommend him.

## **Great Staff and Experience 5 stars!!!**

★★★★★ by Anon on 2012-01-13

Loved their new office. It did not feel like traditional doctor's visit. It was cozy, relaxing, and nice. I do not really mind the dentist in general but they have a tv that you can change the channel and position it where you want it and if you are the type of person who hates the dentist it would be a huge

distraction and plus. I am sure kids would love that new feature too. The dentist chairs were heated and the lobby had a fireplace. Really great experience

## **A caring dentist who listens to his patients.**

★★★★★ by Joan Hamel on 2011-12-20

When we first went to Dr. Armento, our major concern about his office was his second floor location. My husband is somewhat physically challenged and found the climb daunting. He complained, and Dr. Armento listened. He now has a beautiful complex, newly designed, on the first floor of another building in the same complex. A soothing, relaxing environment soothes the anxious patient as they wait their turn. But more importantly are Dr. Armento's skills as a dentist, and a man who exudes confidence and trust.

## **Awesome Dentist**

★★★★★ by Richard Graves on 2011-12-19

My first 3 experiences have been great, i never liked going to the dentist and have had bad experiences in the past. But for being a new patient and not an easy one either Dr. Armento and staff has made my visits extremely pleasant and comforting. I do not look forward to going back but certainly have much more ambition after being treated by Dr. Amento.

## **First time i the new office, with a young child**

★★★★★ by Jane Chamberlain on 2011-12-18

My daughter and I came in together. It was her first time - and at age 4, she sat through her cleaning, as a very good patient. And then, she waited for my cleaning, which was a long time for a young, tired girl. Dr. Dan, and our hygienist were great with both of us. The TV above the dentist chair certainly got its money worth. Otherwise, I think my daughter would not have been so god for that long....
